When calling for parts or service, please specify the following number:

Model#: 35-0123B

CAUTION:
Weight on this product should not exceed 250 lbs.

WARNING
Exercise can present a health risk. Consult a physician before beginning any exercise program with this equipment. If you feel faint or dizzy, immediately discontinue use of this equipment. Serious bodily injury can occur if this equipment is not assembled and used correctly. Serious bodily injury can also occur if all instructions are not followed. Keep others and pets away from equipment when in use. Always make sure all bolts and nuts are securely tightened prior to each use. Follow all safety instructions in this manual.

SAFETY INSTRUCTIONS

1. Save these instructions and ensure that other exercisers read this manual prior to using the InMotion® Rower for the first time.
2. Read all warnings and cautions posted on the InMotion® Rower.
3. The InMotion® Rower should only be used after a thorough review of the Owner’s Manual. Make sure that it is properly assembled and tightened before use.
4. We recommend that two people be available for assembly of this product.
5. Keep children away from the InMotion® Rower. Do not allow children to use or play on the InMotion® Rower. Keep children and pets away from the InMotion® Rower when it is in use.
6. It is recommended that you place this exercise equipment on an equipment mat.
7. Set up and operate the InMotion® Rower on a solid level surface. Do not position the InMotion® Rower on loose rugs or uneven surfaces.
8. Make sure that adequate space is available for access to and around the InMotion® Rower.
9. Before using, inspect the InMotion® Rower for worn or loose components, and securely tighten or replace any worn or loose components prior to use.
10. Before using, always check the SHOCK(4) is secured properly with the LOCKING KNOB(44) and ADJUSTMENT KNOB(45).
11. Shocks on steppers/rowers get HOT during use. To avoid burns, do not touch the shocks until they have time to cool.
12. Consult a physician prior to commencing an exercise program and follow his/her recommendations in developing your fitness program. If at any time during exercise you feel faint, dizzy, or experience pain, stop and consult your physician.
13. Always choose the workout which best fits your physical strength and flexibility level. Know your limits and train within them. Always use common sense when exercising.
14. Do not wear loose or dangling clothing while using the InMotion® Rower.
15. Never exercise in bare feet or socks; always wear proper footwear such as running, walking, or cross training shoes that fit well, provide foot support, and feature non-skid rubber soles.
16. Be careful to maintain your balance while using, mounting, dismounting, or assembling the InMotion® Rower, loss of balance may result in a fall and bodily injury.
17. Do not use the seat to move the InMotion® Rower. The Seat will move and the SEAT CARRIAGE(5) may pinch your hand or fingers.
18. The InMotion® Rower should not be used by persons weighing over 250 pounds.
19. The InMotion® Rower should be used by only one person at a time.
20. The InMotion® Rower is for consumer use only. It is not for use in public or semipublic facilities.
Hi! From all of us here at Stamina Products, thank you for your purchase. We know that you have big fitness goals in mind and we are here to help you along. Call us, email us, or send us a message on Facebook. Be sure to contact us if you have any questions on your new product. We look forward to hearing from you!

With your body in mind,

Stamina Customer Care

To enact your extended warranty and to help us better serve you, please go online and register your new product.

register.staminaproducts.com

It is quick and easy to register online, but if you’re a little old school or just need a reason to raise that little flag on your mailbox, fill out the info on the last page of this manual and mail it in.

CUSTOMER CARE HOURS:
Monday-Thursday, 7:30 AM-5:00 PM, Central Time
Friday, 8:00 AM-3:00 PM, Central Time
Thank you for choosing the InMotion® Rower. We take great pride in producing this quality product and hope it will provide many hours of quality exercise to make you feel better, look better, and enjoy life to its fullest.

It's a proven fact that a regular exercise program can improve your physical and mental health. Too often, our busy lifestyles limit our time and opportunity to exercise. The InMotion® Rower provides a convenient and simple method to begin your journey of getting your body in shape and achieving a happier and healthier lifestyle.

Before reading further, please review the drawing below and familiarize yourself with the parts that are labeled.

Read this manual carefully before using the InMotion® Rower.

Although Stamina constructs its products with the finest materials and uses the highest standards of manufacturing and quality control, there can sometimes be missing parts or incorrectly sized parts. If you have any questions or problems with the parts included with your InMotion® Rower, please do not return the product. Contact us FIRST!

If a part is missing or defective, please go to staminaproducts.com under the Customer Care section and order the part needed, or call us toll free at 1-800-375-7520 (in the U.S.). Our Customer Care Staff is available to assist you from 7:30 A.M. to 5:00 P.M. (Central Time) Monday through Thursday and 8:00 A.M. to 3:00 P.M. (Central Time) on Friday.

Be sure to have the name and model number of the product available when you contact us.

**BEFORE YOU BEGIN**

**THE FOLLOWING TOOLS ARE REQUIRED FOR ASSEMBLY:**

- Allen Wrench (6mm)
- Allen Wrench (6mm)
- Wrench (13mm)
This chart is provided to help identify the warning, caution, and notice labels on the InMotion® Rower. Please take a moment to familiarize yourself with all of the warning, caution, and notice labels.

Labels are larger than actual size

C1  CAUTION LABEL(39)

For consumer use only. Failure to follow all warnings and instructions could result in injury or property damage. Before assembling or using this product, read and follow the Owner's Manual and all other warnings and instructions that accompany this product. Replace this caution label if damaged, illegible, or removed.

Keep others including children & pets away from equipment when in use.

Consult your physician before starting this or any exercise program. This is especially important if you are over the age of 35 or have any pre-existing health condition. Always make sure all nuts and bolts are securely tightened before using this product. This product should not be used by person weighing more than 250 lbs. unless otherwise stated in your Owner's Manual.

C2  SHOCK CAUTION(38)

CAUTION HOT SURFACE!

The shock may become hot during use. Allow it to cool before moving.
This chart is provided to help identify the hardware used in the assembly process. Place the washers or the ends of the bolts or screws on the circles to check for the correct diameter. Use the small scale to check the length of the bolts and screws.

**NOTICE:** The length of all bolts and screws, except those with flat heads, is measured from below the head to the end of the bolt or screw. Flat head bolts and screws are measured from the top of the head to the end of the bolt or screw.

After unpacking the unit, open the hardware bag and make sure that you have all the following items. Some hardware may be already attached to the part.

ASSEMBLY INSTRUCTIONS

Place all parts from the box in a cleared area and position them on the floor in front of you. Remove all packing materials from your area and place them back into the box. Do not dispose of the packing materials until assembly is completed. Read each step carefully before beginning. If you are missing a part, please go to staminaproducts.com under the Customer Care section and order the part needed, e-mail us at customer.care@staminaproducts.com, or call us toll free at 1-800-375-7520 (in the U.S.). Our Customer Care Staff is available to assist you from 7:30 A.M. to 5:00 P.M. (Central Time) Monday through Thursday and 8:00 A.M. to 3:00 P.M. (Central Time) on Friday.

STEP 1
Attach the FRONT STABILIZER(3) to the CENTER BEAM(2) with CARRIAGE BOLTS(M8x1.25x42mm) (23), WASHERS(M8)(12), and ACORN NUTS(M8x1.25)(14).

STEP 2
Attach the SEAT(7) to the SEAT CARRIAGE(5) with BUTTON HEAD BOLTS(M8x1.25x15mm)(21) and WASHERS(M8)(12).
STEP 3
Insert the STOPPER SHAFT(30) through the hole in the CENTER BEAM(2). Screw two STOPPERS(29) onto both ends of the STOPPER SHAFT(30) and tighten at the same time.

STEP 4
Attach the REAR SUPPORT(1) to the CENTER BEAM(2) with BUTTON HEAD BOLTS(M8x1.25x15mm) (21) and WASHERS(M8)(12). Press The OVAL CAP(31) into the back end of the CENTER BEAM(2).
STEP 5
Attach the **ROWING ARM(43)** to the **CENTER BEAM(2)** with **BUTTON HEAD BOLT(M10x1.5x80mm)** (26), **WASHERS(M10)(27)**, and **NYLOCK NUT(M10x1.5)(28)**.

STEP 6
Connect the **SHOCK(10)** to one of the adjustment holes on the **ROWING ARM(43)** and secure with the **LOCKING KNOB(44)** and the **ADJUSTMENT KNOB(45)**. Refer to detail view B. The shoulder of the **LOCKING KNOB(44)** and end of the **ADJUSTMENT KNOB(45)** must be inserted into one of the adjustment holes.

STEP 7
Insert the **HANDLEBAR(6)** through the tube on the top of the **ROWING ARM(4)**. Press two **HAND GRIPS(9)** onto both ends of the **HANDLEBAR(6)**.

STEP 8
Install a AA battery into the **METER(8)**, the battery is not included. See page 11 for detailed battery installation instructions. Slide the **METER(8)** onto the plate on the **ROWING ARM(4)**.
STEP 9
Insert the PEDAL SHAFT(19) through holes located on the CENTER BEAM(2). Slide a PEDAL SPACER(20) and a PEDAL CAP(18) onto each end of the PEDAL SHAFT(19). Then secure the PEDAL CAPS(18) with BUTTON HEAD BOLTS(M8x1.25x15mm)(21) and LARGE WASHERS(M8)(22) at both ends of the PEDAL SHAFT(19). You need to use two Allen Wrenches to tighten the BUTTON HEAD BOLTS(M8x1.25x15mm)(21) at both ends of the PEDAL SHAFT(19) at the same time.
USE INSTRUCTIONS

USING THE FITNESS METER

POWER ON: Handlebar movement or press any button.
POWER OFF: Automatically shuts off after four minutes of inactivity.

FUNCTION BUTTONS:
- MODE: Press to select the function of the lower readout.
- RESET: To reset all functions to zero.

FUNCTIONS:
- COUNT: Upper readout displays the total number of strokes you have taken from zero to 9999 strokes.
- SCAN: Automatically scans each function of TIME, CALORIE, STROKES/MIN in sequence with change every six seconds.
- TIME: Displays the workout time from one second up to 99:59 minutes.
- STROKES/MIN: Displays the rate of strokes per minute.
- CALORIE: Displays the calorie burned from zero to 9999 Kcal. The calorie readout is an estimate for an average user. It should be used only as a comparison between workouts on this unit.

NOTE: 1. The meter will stop counting time automatically after six seconds of inactivity. All function values will be kept. Restart the meter by rowing the handlebar or press any button.
2. The meter will shut off automatically after four minutes of inactivity. All function values will be kept. Press the RESET button to reset all functions to zero.

HOW TO INSTALL AND REPLACE BATTERIES:
1. Open the Battery Door on the back of the meter.
2. The meter operates with a AA battery, the battery is not included. Refer to the illustration to install or replace the battery.

NOTE:
1. Rechargeable batteries are not recommended.
2. Ultimate disposal of battery should be handled according to all state and federal laws and regulations.
3. Do not dispose of batteries in fire.
LOAD ADJUSTMENT

The resistance of the rowing workout can be adjusted by attaching the SHOCK(10) to different adjustment holes on the ROWING ARM(43) with the LOCKING KNOB(44) and ADJUSTMENT KNOB(45). The adjustment hole at the lowest position provides the lowest resistance. The adjustment hole at the highest position provides the highest resistance.

To adjust, loosen the ADJUSTMENT KNOB(45) until its end and the shoulder of the LOCKING KNOB(44) complete out from the adjustment hole. Then move the LOCKING KNOB(44) and ADJUSTMENT KNOB(45) together to the desired position. Tighten the ADJUSTMENT KNOB(45) and make its end and the shoulder of the LOCKING KNOB(44) get into the desired adjustment hole.

CAUTION: The shocks get HOT after a few minutes of use. Allow to cool before moving.

PEDAL STRAP ADJUSTMENT

If you feel it is more comfortable for your workout, you can change to attach the PEDAL STRAP(17) to the upper position in the PEDAL CAP(18) as shown in illustration 1 below. Run the PEDAL STRAP(17) through the opening from the bottom of the PEDAL CAP(18), then go through the Steel Ring. Slide the Steel Ring down to against the PEDAL CAP(18). Run the PEDAL STRAP(17) through the opening in the PEDAL CAP(18) on the other side from the top as shown in the illustration 1, then make the end of the PEDAL STRAP(17) go up to attach onto the upper part of the PEDAL STRAP(17) with the Hook & Loop Pad.

Attach the end of the PEDAL STRAP(17) to different position with the Hook & Loop Pad to adjust the length. Refer to illustration 2.
STORAGE

1. To store the InMotion® Rower, simply keep it in a clean dry place.
2. To avoid damage to the electronics meter, remove the battery before storing the InMotion® Rower for one year or more.
3. Grasp the FRONT STABILIZER(3) and REAR SUPPORT(1) to move the InMotion® Rower. Do not use the SEAT(7) to move the InMotion® Rower. The SEAT(7) will move and the SEAT CARRIAGE(5) may pinch your hand or fingers.

MAINTENANCE

The safety and integrity designed into the InMotion® Rower can only be maintained when the InMotion® Rower is regularly examined for damage and wear. Special attention should be given to the following:

1. Pull on the HANDLEBAR(6) and verify that the SHOCK(10) provides resistance.
2. Clean the roller tracks on the CENTER BEAM(2) with an absorbent cloth.
3. Verify that all nuts and bolts are present and properly tightened. Replace missing nuts and bolts. Tighten loose nuts and bolts.
4. Verify that the CAUTION LABEL(39) is in place and easy to read. Call Stamina Products immediately at 1-800-375-7520 for a replacement CAUTION LABEL(39) if it is missing or damaged.
5. It is the sole responsibility of the user/owner to ensure that regular maintenance is performed.
6. Worn or damaged components must be replaced immediately or the InMotion® Rower removed from service until repair is made.
7. Only Stamina Products supplied components should be used to maintain/repair the InMotion® Rower.
8. Keep your InMotion® Rower clean by wiping it off with an absorbent cloth after use.
How you begin your exercise program depends on your physical condition. If you have been inactive for several years or are severely overweight, start slowly and increase your workout time gradually. Increase your workout intensity gradually by monitoring your heart rate while you exercise.

Remember to follow these essentials:
- Have your doctor review your training and diet programs.
- Begin your training program slowly with realistic goals that have been set by you and your physician.
- Warm up before you exercise and cool down after you work out.
- Take your pulse periodically during your workout and strive to stay within a range of 60% (lower intensity) to 90% (higher intensity) of your maximum heart rate zone. Start at the lower intensity, and build up to higher intensity as you become more aerobically fit.
- If you feel dizzy or lightheaded you should slow down or stop exercising.

Initially you may only be able to exercise within your target zone for a few minutes; however, your aerobic capacity will improve over the next six to eight weeks. It is important to pace yourself while you exercise so you don't tire too quickly.

To determine if you are working out at the correct intensity, use a heart rate monitor or use the table below. For effective aerobic exercise, your heart rate should be maintained at a level between 60% and 90% of your maximum heart rate. If just starting an exercise program, work out at the low end of your target heart rate zone. As your aerobic capacity improves, gradually increase the intensity of your workout by increasing your heart rate.

Measure your heart rate periodically during your workout by stopping the exercise but continuing to move your legs or walk around. Place two or three fingers on your wrist and take a six second heartbeat count. Multiply the results by ten to find your heart rate. For example, if your six second heartbeat count is 14, your heart rate is 140 beats per minute. A six second count is used because your heart rate will drop rapidly when you stop exercising. Adjust the intensity of your exercise until your heart rate is at the proper level.

**Target Heart Rate Zone Estimated by Age**

</tbody>
</table>

* For cardiorespiratory training benefits, the American College of Sports Medicine recommends working out within a heart rate range of 55% to 90% of maximum heart rate. To predict the maximum heart rate, the following formula was used: $220 - \text{Age} = \text{predicted maximum heart rate}$
Warm-Up  The purpose of warming up is to prepare your body for exercise and to minimize injuries. Warm up for two to five minutes before strength training or aerobic exercising. Perform activities that raise your heart rate and warm the working muscles. Activities may include brisk walking, jogging, jumping jacks, jump rope, and running in place.

Stretching  Stretching while your muscles are warm after a proper warm-up and again after your strength or aerobic training session is very important. Muscles stretch more easily at these times because of their elevated temperature, which greatly reduces the risk of injury. Stretches should be held for 15 to 30 seconds. Do not bounce.

Suggested Stretching Exercises

- **Lower Body Stretch**  
  Place feet shoulder-width apart and lean forward. Keep this position for 30 seconds using the body as a natural weight to stretch the backs of the legs. DO NOT BOUNCE! When the pull on the back of the legs lessens, gradually try a lower position.

- **Floor Stretch**  
  While sitting on the floor, open the legs as wide as possible. Stretch the upper body toward the knee on the right leg by using your arms to pull your chest to your thighs. Hold this stretch 10 to 30 seconds. DO NOT BOUNCE! Do this stretch 10 times. Repeat the stretch with the left leg.

- **Bent Torso Pulls**  
  While sitting on the floor, have legs apart, one leg straight and one knee bent. Pull the chest down to touch the thigh on the leg that is bent, and twist at the waist. Hold this position at least 10 seconds. Repeat 10 times on each side.

- **Bent Over Leg Stretch**  
  Stand with feet shoulder-width apart and lean forward as illustrated. Using the arms, gently pull the upper body towards the right leg. Let the head hang down. DO NOT BOUNCE! Hold the position a minimum of 10 seconds. Repeat pulling the upper body to the left leg. Do this stretch several times slowly.

Cool-Down  The purpose of cooling down is to return the body to its normal, or near normal, resting state at the end of each exercise session. A proper cool-down slowly lowers your heart rate and allows blood to return to the heart. Your cool-down should include the stretches listed above and should be completed after each strength training session.

LIMITED WARRANTY

MODEL 35-0123B

WARRANTY

Stamina Products, Inc. (“Stamina”) warrants to the original purchaser that this product will be free from defects in materials and workmanship that arise under normal use, service, proper assembly and proper operation in accordance with product warnings/instructions for a period of 90 days on the parts and one year on the frame from the date of the original purchase from an authorized retailer. **THIS WARRANTY SHALL NOT APPLY TO ANY PRODUCT WHICH HAS BEEN SUBJECT TO COMMERCIAL USE, ABUSE, MISUSE, ALTERATION OF ANY KIND OR TO ANY DEFECT OR CHANGE CAUSED BY IMPROPER ASSEMBLY, REPAIR, REPLACEMENT, SUBSTITUTION OR USE WITH PARTS NOT PROVIDED BY STAMINA.** Commercial use includes use of product in athletic clubs, health clubs, spas, gyms, and all other public or semipublic facilities whether or not the product's use is in furtherance of a profit making enterprise, and all other use which is not for personal purposes.

To implement this limited warranty, send a written notice stating your name, date, and place of purchase and a brief description of the defect along with your receipt to Stamina Products, Inc. P.O. Box 1071, Springfield Missouri, USA, 65801-1071, or email us at customer.care@staminaproducts.com, or call us at 1-800-375-7520. If the defect is covered under this limited warranty, you will be requested to return the product or part to us for free repair or replacement at our option.

**NO ACTION FOR BREACH OF THIS LIMITED WARRANTY MAY BE COMMENCED MORE THAN ONE (1) YEAR AFTER THE DATE THE ALLEGED BREACH WAS OR SHOULD HAVE BEEN DISCOVERED. NO ACTION FOR BREACH OF ANY IMPLIED WARRANTY (INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) MAY BE COMMENCED MORE THAN ONE (1) YEAR AFTER DELIVERY OF THE PRODUCT TO THE PURCHASER.** These warranties are not transferable. **IF ANY PART OF THE PRODUCT IS NOT IN COMPLIANCE WITH THIS LIMITED WARRANTY OR ANY IMPLIED WARRANTY, THE REMEDY OF REPAIR OR REPLACEMENT IS THE EXCLUSIVE REMEDY.** If any claim is made under this limited warranty or any implied warranty, Stamina reserves the right to require the product to be returned for inspection, at the purchaser’s expense, to Stamina’s premises in Springfield, Missouri. Return of the enclosed warranty registration card is not required for warranty coverage, but is merely a way of establishing the date and place of purchase.

Stamina **SHALL NOT BE LIABLE FOR THE LOSS OF USE OF ANY PRODUCT, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS OR ANY OTHER INDIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES DUE TO BREACH OF THE ABOVE WARRANTY OR ANY IMPLIED WARRANTY.**

**THIS LIMITED WARRANTY IS THE ONLY EXPRESS WARRANTY. NO ORAL OR WRITTEN INFORMATION GIVEN BY STAMINA, ITS AGENTS OR EMPLOYEES, SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY.** This warranty gives you specific legal rights, and you may also have other legal rights which vary from state to state. **ANY OTHER RIGHT WHICH YOU MAY HAVE, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.**

The laws in some states affect the disclaimer or limitation of implied warranties and consequential and incidental damages. If any such law is found applicable, the foregoing disclaimers and limitations of and on implied warranties and consequential and incidental damages shall be deemed to be modified to the extent necessary to comply with applicable law.
TO CONTACT CUSTOMER CARE

For your convenience, Stamina’s customer care representatives can be reached by email at customer.care@staminaproducts.com or by phone at 1-800-375-7520 (in the U.S.). Our customer care representatives are available Monday through Thursday from 7:30 a.m. until 5:00 p.m., and Friday 8:00 a.m. until 3 p.m. Central Time.

Would you like to receive email information or special offers from Stamina Products? Register at contact.staminaproducts.com

TO REGISTER YOUR PRODUCT

To enact your warranty, please register your product by going to register.staminaproducts.com. Please have your product model number (printed on the cover of this owner’s manual) and the serial number (printed on the black and white sticker on your product) ready.

If you don't have internet access, you can call customer care at 1-800-375-7520, or fill out and mail the product registration form below to Stamina Products, Inc.; P.O. Box 1071; Springfield, MO 65801-1071.

TO ORDER PARTS

If there are missing or damaged parts, you can go to parts.staminaproducts.com and order those parts. If you have questions, please contact customer care. Do not return the product. To order parts by mail, fill out the sheet below and fax it to 417-889-8064. The part will be mailed to your address.
